Lunch Break (45 minutes)
- Presentation 9 and 10: **Margaret Mead** (40 minutes)
- Presentation 11 and 12: **Marie Jahoda** (40 minutes)
Break (20 minutes)

Schedule II

- Teamwork (BOR):
Similarities, differences, the special aspects of each female researcher/politician
(motto or headline)

Break (10 minutes)

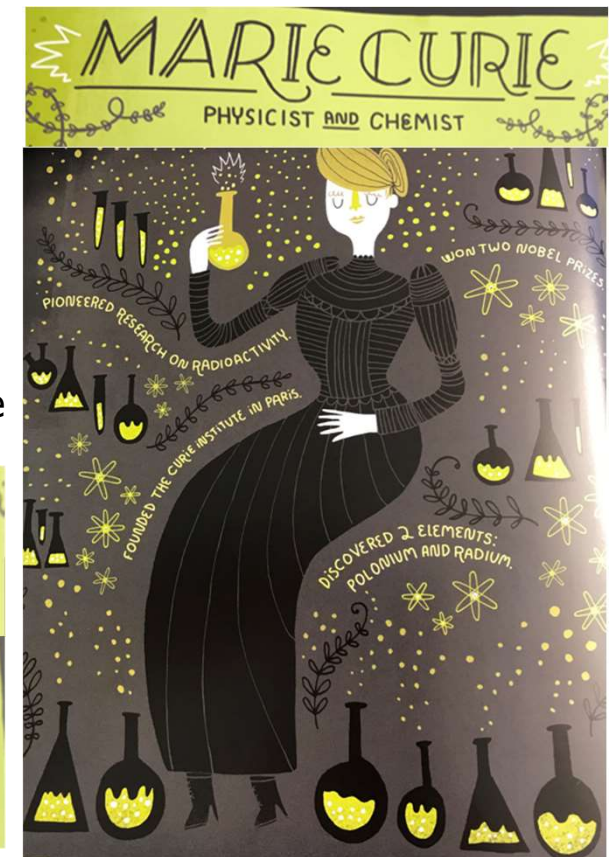

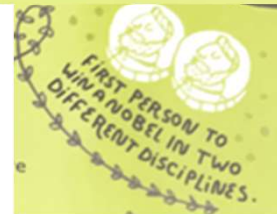

- Teamwork (BOR):
Reflection on Teamwork: Why do you work together - benefits, opportunities and challenges?
- Questionnaire (evaluation) about the seminar
- Conclusion

Goals of the joint seminar I

- Learning from biographies
 - Analysis of the (professional) biographies of female scientists and politicians (pioneers)
 - Challenges for minority: barriers and how to overcome them
- Next step: Developing new forms of learning and teaching: „Educational-Comics”
 - Transformation of the biographies into scientific comics and "underlying" knowledge about different social science methods, gender and diversity theories and the context relevance

Marie Curie was born in Warsaw, Poland, in 1867. After working as a governess to support her sister's education, it was Marie's turn. She traveled to Paris to study at the Sorbonne, where she met Pierre Curie, a fellow scientist and her greatest love.

Ignotofsky, Rachel (2016):
Women in Science, Berkeley: New York
